Valued Patients,

We are pleased to inform you that we have added a member to our team! Please join us in welcoming Dr. Amin Nasehi to our practice!

Dr. Nasehi has traveled the globe to put his education, training and talents to work for the good of society. From New York to the Himalayas and many places in between, he has shared goodwill by using his skills to provide dental care for those in need. Dr. Nasehi has volunteered locally in Fayetteville, Arkansas to provide exams and extractions, Special Olympics in Buffalo, New York to provide oral exams to both children and adult athletes with intellectual disabilities, up to more complex procedures such as extractions and restorations in Senegal, Africa as well as the Dominican Republic.

Dr. Nasehi earned his Doctor of Dental Surgery degree from University at Buffalo, New York. While there, he also served as a Clinical Assistant in Fixed Prosthodontics and Implantology.

Post graduation, Dr. Nasehi pursued a 3 year Specialty training in Prosthodontics at Stony Brook University, New York. This provided extra clinical training focused on Complex Dental procedures, Cosmetic dentistry, Implant surgery and Dentures.

This addition to our team could not come at a better time, as Dr. Friddle has made the decision to move to the Nashville, TN area! While he may still be in the office from time to time, the majority of patient care will fall to Dr. Emily Steinger and Dr. Amin Nasehi.

You may be curious as to what this means for you as a patient. We are proud to inform you that you should experience no changes in your level or quality of care. We will still be providing all of the same great services that we previously have.

While we are sad to no longer see as much of Dr. Friddle, we cannot wait to see what he does next. We encourage you to stop by and say hello to Dr. Nasehi and introduce yourself, as well as Dr. Steinger if you have not met her yet! We could not be more confident in these two accomplished dentists and excited for the future of Friddle Dentistry!

As always, please feel free to reach out to our office if you have any further questions regarding this transition.

Sincerely,

The Friddle Team
